

PIXMA iP3000 Bubble Jet Printer

Canon

advanced simplicity®

**High-quality photo printing and advanced paper handling.
Simply unbeatable value.**

PIXMA iP3000 Bubble Jet Printer

PIXMA – A REVOLUTION IN PRINTING

23 years ago, the Canon Bubble Jet printer redefined home and office printing. Now, Canon introduces the new generation of printers – PIXMA.

PIXMA is the direct result of Canon's expertise in print-head technology, photography and copying. It brings new standards of print quality to photographic printing. And with an inkjet print-head that's one of the world's most sophisticated, PIXMA delivers unsurpassed speed and reliability.

BRILLIANT IMAGES. SHARPER TEXT. FASTER PRINTING

Canon's new PIXMA Bubble Jet printers are the first to feature the FINE print-head. FINE places microscopic 2 picolitre ink droplets on the page with unparalleled accuracy and consistency. These droplets are smaller than what is visible to the human eye. This level of precision creates outstanding photo quality and razor-sharp text. The FINE print-head also features a greater number of ink nozzles to achieve faster printing speeds.

HIGH-QUALITY PHOTO PRINTS IN A MATTER OF SECONDS

- 2 picolitre FINE technology produces enhanced shading and fine detail for beautifully sharp images.

2 picolitre FINE technology eliminates graininess to produce razor-sharp images

- Creates borderless 6" x 4", 5" x 7" and A4 size prints. Prints a borderless 6" x 4" photo in around 36 seconds.¹
- Produces high-calibre prints and documents at up to 4800 x 1200 dpi.²
- Enjoy fast home printing, with up to 22 ppm black and 15 ppm colour.¹

2-Way Paper Feeding

GREAT VALUE AND VERSATILITY

- Includes a dual paper-path, so that paper can be loaded from the auto sheet-feeder (ASF) or front cassette, perfect for switching between plain paper and photo paper.
- Convenient automatic duplex unit allows for double-sided printing, reducing paper wastage.
- Paper can be fed and ejected at the front, allowing the printer to be positioned against a wall to save you space.
- Prints directly from any compatible digital camera using Bubble Jet Direct or PictBridge technology, the industry standard for direct printing – no computer required.³
- Quickly and easily prints high-quality images and text directly onto printable CD-R and DVD-R media, via a convenient front-loading tray.⁴

Direct Printing (camera not included)

Prints directly on CD-R and DVD-R media

- Stores each ink colour in separate, transparent ink tanks so that when one colour has run out, only that ink tank needs to be replaced – saving you money.
- Large 300 sheet plain paper capacity.

DESIGNED TO COMPLEMENT YOUR DECOR

- The minimalist, compact design makes the iP3000 an impressive addition to your home or small office environment.
- Like the design, the inclusion of user-friendly functionality makes for ease of operation and maintenance.

Minimalist and compact design

EASY-TO-USE SOFTWARE

- **Easy-PhotoPrint** – Easy-to-use application for printing out digital photos, retouching portraits and lab-quality trimming.

- **Easy-WebPrint** – Automatically adjusts the size of the web page you want to print, to ensure it fits on a sheet perfectly – eliminating waste and frustration.
- **PhotoRecord** – Makes it easy for you to create beautiful photo albums with creative layouts and captions.
- **CD-LabelPrint** – Allows quick and easy printing directly onto printable CD-R and DVD-R media.

CHOOSE FROM GENUINE CANON PAPERS AND INKS

To get the most brilliant results from your Canon printer, we recommend you use genuine Canon papers and inks. Canon papers and inks are designed to complement the new FINE print-head technology so, when used together, you're assured of receiving the optimal quality and longevity of photos, print after print.

- Print on a wide variety of paper types, including: Photo Paper Pro, Photo Paper Plus Glossy, Matte Photo Paper and Photo Paper Plus Semi-gloss.
- Photo Paper Pro now gives you up to 100 years' permanence, producing prints which will last well over a lifetime when stored in a photo album.⁵
- New Photo Paper Plus Glossy (PP-101D) allows for double sided photo printing, which is not only economical, but also allows you to be as creative as you like.

Auto Duplex Printing with double-sided photo printing

PIXMA iP3000 Bubble Jet Printer Specifications

PRINTER FUNCTIONS
PAPER FEEDING Automatic feed
PRINTING METHOD Bubble Jet ink-on-demand with advanced FINE (Full-photolithography Inkjet Nozzle Engineering) technology
PRINTING SPEED* Monochrome: approx. 22 ppm† Colour Graphics: approx. 15 ppm†† Glossy Photo Print (8" x 10" image on PP-101 Draft): approx. 0.86 ppm††† Photo Paper Plus Glossy (6" x 4"): approx. 36 seconds borderless
MAXIMUM PRINTING RESOLUTION 4800 x 1200 dpi
BORDERLESS PRINTING A4, Letter, 5" x 7", 6" x 4", Credit Card (2.1" x 3.4")
INK TANK BCI-3eBk – Black ink tank, BCI-6C/M/Y – individual Colour ink tanks
INK YIELD Black: approx. 740 pages* / approx. 1500 pages** Colour: Cyan: approx. 570 / Magenta: approx. 440 / Yellow: approx. 380 pages **
PAPER HANDLING AND CAPACITY 300 sheets (ASF + Paper cassette)
APPROX. PAPER HANDLING (ASF / Paper Cassette) Plain Paper (10mm): 150 / 150 Super White Paper (SW-201): 100 / 100 High Resolution Paper (HR-101N): 80 / 80 Photo Paper Pro (PR-101): A4: 10, 6" x 4": 20 / A4: 10, 6" x 4": 20 Photo Paper Plus Glossy (PP-101): A4 / 5" x 7": 10, 6" x 4": 20 / A4 / 5" x 7": 10, 6" x 4": 20 Photo Paper Plus Semi-gloss (SG-101): A4: 10, 6" x 4": 20 / A4: 10, 6" x 4": 20 Glossy Photo Paper (GP-401): A4: 10, 6" x 4" / Credit card: 20 / A4: 10, 6" x 4": 20 Matte Photo Paper (MP-101): A4: 10 / A4: 10 Photo Paper Plus Double sided (PP-101D): A4 / 5" x 7": 10 / A4 / 5" x 7": 10 Photo Stickers (PS-101): 1 / N/A Envelopes (DL, Com. #10): 10 / 5 Transparencies (CF-102): 30 / 30 T-Shirt Transfers (TR-301): 1 / 1
SUPPORTED PAPER SIZES A4, A5, B5, Letter, Legal, Envelopes (DL, Com. #10), 5" x 7", 6" x 4", Credit card (2.1" x 3.4")
SUPPORTED PAPER WEIGHTS 64-105g/m ² (supports Photo Paper Plus Double sided PP-101D 273g/m ²)

PRINTABLE AREA Top Margin: 3mm Bottom Margin: 5mm Horizontal max: 203mm Borderless photo printing: Top and Bottom margin: 0mm Horizontal max: up to 216mm
GENERAL FEATURES Weight: approx. 6.5 kg Power Source: AC 220-240V, 50 / 60Hz Power Consumption: Max: 15W (printing), Standby: 0.5W Acoustic Noise Level: 35dB(A) in best quality mode Operating Environment: Temperature: 5-35°C, Humidity: 10-90% RH (no condensation) Storage Environment: Temperature: 0-40°C, Humidity: 5-95% RH (no condensation) Dimensions (W x D x H): 418 x 286 x 170mm (minimum dimensions with paper trays and other extensions closed)
BUNDLED SOFTWARE Windows®: Easy-PhotoPrint, Easy-WebPrint, PhotoRecord, CD-LabelPrint. Macintosh®: Mac OS 9.x: Easy-PhotoPrint, Mac OS X v.10.2.x: Easy-PhotoPrint, CD-LabelPrint
INTERFACE USB port and Direct Print Port (PictBridge / Bubble Jet Direct)
COMPATIBLE OS (Printer Driver) USB: Windows® XP/2000/Me/98 Mac OS 9.x, Mac OS X v.10.2.x
SYSTEM REQUIREMENTS Windows: Use a computer equipped to operate Windows® XP/2000/Me/98 Integrated USB interface, CD-ROM. HDD space for driver installation; Windows® XP/2000: 50MB, Windows® Me/98: 15MB Macintosh: Use a Macintosh® equipped with USB interface to run Mac OS 9.x or Mac OS X v.10.2.x USB interface, CD-ROM. HDD space for driver installation; Mac OS 9.x: 30MB, Mac OS X v.10.2.x: 100MB
DIRECT PRINT FUNCTIONS® Cameras: Canon Bubble Jet Direct or PictBridge compatible digital cameras and digital video cameras Paper Size: A4, 5" x 7", 6" x 4", Letter, Credit card, Photo Stickers (PS-101) Supported Functions: Exif Print, Trimming, DPOF (Bubble Jet Direct only)
INCLUDED IN THE BOX PIXMA iP3000 Bubble Jet printer, CD Tray, Driver and software for Windows® and Macintosh®, 4 individual ink tanks, 12 month warranty card, Permanent Print head, Power cable, Quick Set-up guide book

*Black text: 1500 characters per page, normal text, at default and plain paper mode with Windows XP using Word 2003.

**Colour: based on printing ISO/JIS-SCID no. 5 pattern at default and plain paper mode with Windows XP using Adobe® Photoshop 7.0

1. Print speed dependent on the complexity of the document being printed, type of paper used and does not take into account data processing time on host computer.
2. Ink droplets can be placed with a pitch of 1/4800 inch at minimum.
3. PictBridge camera direct and Bubble Jet Direct printing requires PictBridge or Bubble Jet Direct compatible digital cameras in order to function. Check with your digital camera manufacturer or user's guide to determine PictBridge or Bubble Jet Direct compatibility.
4. Requires CD-R media with inkjet compatible printing surface – check suitability before attempting to print on the media.
5. 100 Years' Life in a Photo Album. Kept in a photo album, shut out light and air (gas), temperature 23 degrees and 50% humidity. Predicted value from the accelerated test. When printed with genuine Canon inks on Photo Paper Pro. Result may vary based on individual environmental factors. For more information, please visit canon.com.au/news/story_565.html
6. Check individual cameras for compatibility.

All data based on Canon's Standard Test Method. All specifications are subject to change without notice.

Camera shown to demonstrate PictBridge functionality is not included with the PIXMA iP3000 Bubble Jet printer.

Canon Australia proudly supports recycling of printer cartridges through the Cartridges 4 Planet Ark programme.
