

# EP 1054

*Compact. Efficient.  
And very Minolta.*

Minolta. First to put you first.

# The CS-PRO Series Copiers.

## As reliable as they are remarkable.

As one of your most important business partners, your copier should be able to quickly and reliably make the high-quality copies you need. Every day. The CS-PRO Series was conceived with this goal in mind. And Minolta's CS Technology, backed by years of experience in the development of precision optical devices, makes this concept a reality.

# Work Smarter

With the Minolta EP 1054, you can maximize productivity and minimize down time. Its efficient, simple design allows you to meet the most demanding copying needs, while conforming to the smallest of office spaces. Easy to maintain and remarkably reliable, the EP 1054 adheres to stringent environmental standards.

**Compact** Although the copier is compatible to A3-size sheets, the set-up space is exceptionally small. Our front-loading paper drawer was designed with better ergonomics and no protruding parts. The unit itself measures a mere 610 x 637 mm. The sliding copy tray can be contracted when not in use.

**Operational Ease** The 2-way paper feed system employs both a Single Sheet Bypass and a universal tray. This simplifies paper size changes and, when the optional Multiple Bypass MB-4 is attached, enables multi-manual feeding of up to 50 sheets of paper sizes not available in the paper trays.

**High Speed** After a brief 30 seconds of warm-up, you'll receive your first copy in a mere 7.2 seconds. Copy speed is an impressive 15 sheets per minute.

**High-Quality Copies** Minolta's unique Micro-Toning System gives you clean, stable images down to the smallest detail. The Photo Mode improves reproduction of a photo original and always gives you stable half-tone images. The built-in Auto Exposure Mode automatically judges the light and dark areas of your original.

**High Reliability** The Copy Paper Take-Up Double Retry function assures that if a sheet of paper is not fed properly the first time, it will be re-fed two more times.

### Environmentally Committed

- The EP 1054 complies with ENERGY STAR guidelines for more efficient energy use on a global scale 
- Low-noise design allows operation at 52dB(A), for a quieter workplace
- Low-ozone design helps keep your office environment comfortable and clean
- The toner recycle mechanism ensures that there is an almost total elimination of toner waste

### Other High-End Features

- 50-200% zoom reduction / magnification in 1% increments
- Page-By-Page Copying produces two separate copies from one side-by-side original
- The dual body structure makes it easy to clear paper jams

## Minolta Genuine Consumables And Parts

To ensure the best possible use of our copiers in terms of cost, copy quality and service life, Minolta has extended its technical expertise as a manufacturer of precision equipment to the development and production of high-quality consumables and parts. For optimum performance and productivity, we recommend use of Minolta's genuine consumables and parts.

### EP 1054 Specifications

<b>Copying System:</b>	Plain Paper Dry Copying	<b>Input Materials:</b>	Plain Paper (60-90g/m <sup>2</sup> ) Thick Paper (90-157g/m <sup>2</sup> ), Translucent Paper, CHP Sheet by Single Sheet Bypass
<b>Type:</b>	Desktop, Stationary Platen	<b>Developing System:</b>	Micro-Toning System
<b>Type of Originals:</b>	Sheets, Book, 3-D Objects	<b>Photoconductor:</b>	OPC Drum
<b>Original Size:</b>	Max. A3 (Ledger)	<b>Toner Supply Control:</b>	Automatic Toner Density Control
<b>Copy Size:</b>	A6 to A3 (4" x 5-1/2" to Ledger)	<b>Warm-up Time:</b>	Less than 30 seconds
<b>Copy Speed:</b>	15 copies/min (A4 Crosswise)	<b>Power Consumption:</b>	Less than 1.3kW
<b>1st Copy:</b>	Less than 7.2 seconds (A4 Crosswise)	<b>Dimensions:</b>	610(W) x 637(D) x 4010-0mm [24"(W) x 25"(D) x 15-3/4"(H)]
<b>Magnification:</b>	x 0.50-2.00 (Preset or Variable)	<b>Weight:</b>	50kg (110-1/4 lbs.)
<b>Exposure Control:</b>	Automatic & Manual		
<b>Paper Feeding System:</b>	1 Front-Loading Paper Drawer (250 sheets max)		
<b>Sheet Bypass:</b>	Single Sheet Bypass (A6 to A3)		
<b>Multiple Copy:</b>	1-99, Count-Down
